

Movement Request Transfer:-

It is also like sub inventory transfer, Here we generate the Movement request, allocate the stock, print movement request pick slip report and we will do the transfer.

1. Create Movement Request Transfer
2. Print movement request Pickslip report
3. Confirm Pickslips
4. Check in review completed transactions

The screenshot displays the Oracle Vision SCM IMPL interface. The top navigation bar includes the 'vision' logo, a search bar, and navigation icons. The main menu shows 'Supply Chain Execution' highlighted. Below the menu, there are 'QUICK ACTIONS' and 'APPS' sections. The 'APPS' section includes 'Work Definition', 'Work Execution', 'Maintenance Management', 'Quality Management', 'Recall Notices', 'Inventory Management' (highlighted), 'Cost Accounting', and 'Receipt Accounting'.

The bottom section shows the 'Inventory Management' dashboard. It includes a 'Picks' section with a 'Confirmed T...' status, a 'Late Cycle Counts' section with '0 Items', a 'Cycle Count Sequences' section with 'No data available', and an 'On-Hand Value' section with '\$279M'. There are also sections for 'Open Shipments by Priority', 'Open Shipments by Carrier', 'Shipment Lines', and 'Inspected Receipts'.
